Dear Sir/Madam

Ref: Application for the church plot

We are hereby applying as the reference stated above.

The Stone of help ministries international is a registered church under the laws of Zambia and our mission is to reach out with the gospel of our Lord Jesus Christ in all the corners of Zambia and beyond borders with salvation, healing and deliverance.

Our vision is to change the lives of many by providing free education to the vulnerable, sustaining good health and providing shelter and feed the street kids, widows, widowers, orphans and prisoners.

To achieve the above mission and vision, the church requires a land in order to execute our plans. We are therefore, kindly requesting your able office to consider our request for the land within Kitwe city.

We are looking forward to hear from you.

Thank you so much in anticipation for your warm response.

Yours faithfully

Bishop Elias Ng'wane
Founder and overseer
